All About Me

Hello, I am Anitsa, and I live here in Atascocita with my husband of 15 years and our incredible 13-year-old daughter. When I am not at work, I really enjoy spending time with my family and playing video games.

I started working in the nursery at CWM 7 years ago. This is where Mayra and I became a team and then friends. We have worked together for the entire 7 years and are looking forward to working with the Pre-K team and our new little friends. There is nothing more special than watching a child learn and grow!
